Assignment - 2

Complete the following assignment. Clone the image and only Use pure html and CSS for this assignment.

1. Create a Header, Navigation Bar, Body and Footer.
2. The Navigation Bar needs to be sticked at the top of the page, when we scroll up.
3. Refer the 3 images in resources folder in order, you will know the logic or watch the video.

Hint: Use **sticky property** for this assignment.

Important Note:

i.   Watch the video which named as **sticky navigation bar**, you can't view the video directly in the GitHub.

ii. Click on the raw file and download, you will easily understand this assignment.
